# Company Profile

**SIMRANN LEATHER IMPEX PRIVATE LIMITED** was established in 1996 with a goal to be the leading name as the most trusted leather products manufacturing company. Now we are one of the leading manufacturer & exporter of all kinds of leather furniture and accessories and our products are appreciated worldwide in terms of design and quality.

We offer innovative leather products and design solutions for nearly every interior application which includes high quality hospitality interiors, leather furniture, customized interiors, automobile interiors, aircraft interiors and accessories/ hard goods. Our exclusive range of leather products include Leather bed, Leather sofa, Leather chair, Leather bag, Leather bed head, Leather interiors, Leather tiles, Leather wall paneling. Our products are fabricated using supreme quality of leather.

Our leather goods manufacturing facilities are fully equipped with all the necessary machinery required in the various stages of production. We have specialized machinery for several operations like clicking, splitting, skiving, plating. Embossing and strap cutting. Our highly skilled team of stitches also uses a variety of heavy duty stitching machines to bring every seam to perfection.

Our leather production is supported and backed up by our tannery located at Jalandhar, India, which apart from ensuring quality and timely deliveries of finished leather also enables us to innovate and develop new types of leathers, based on market trends and customer requirements.

Our designers continuously create new and imaginative products.
